ETC Source Four LED Quick Guide

Install

Install

Lens Tube

- Step 1: Slide the lens tube into the shutter barrel.
- Step 2: Tighten the lens zoom knob.
- Step 3: Tighten the Phillips screw at the top of the lens barrel.

Install Fixture

General use position

Low clearance position

- Step 1: Hang or mount the fixture.
- Step 2: Attach a safety cable.
- Step 3: Insert additional accessories such as a top hat, etc.

WARNING: *Use only hardware rated for total weight of fixture and accessories.*

A safety cable (or other approved safety device) must be securely attached to the safety cable loop before loosening the clamp.

Disconnect the unit from power and DMX and allow the fixture to cool before removing or installing the shutter barrel or other adapters, and all cleaning and maintenance.

ETC Source Four LED Quick Guide

Connect

Connect

- Step 1: Attach the power cable to the Power In connector.
- Step 2: Attach the 5-pin XLR cable to the DMX In connector (if using external control).
- Step 3: Connect the power cable to AC power.
- Step 4: Plug the XLR cable (if using) into the data source.
- Step 5: Link additional fixtures via Power Thru and DMX Thru connectors.

WARNING: *No more than nine total Source Four LED (four total Series 2 Lustr) fixtures on Power Thru (non-dimming, 100 to 240 VAC, 50/60 Hz)
Up to 32 device loads can be on one DMX daisy-chain.*

WARNING: *The fixture must be connected to a non-dimmable power source in order to avoid damage to its internal power supply and other electrical components. Dimming will damage the fixture and void the warranty.*

Focus

- Step 1: Supply power and wait for the fixture to boot up.
- Step 2: Press [] to open the **Presets & Sequences** menu.
- Step 3: Select **Focus** and press [] to turn on the LED array.
- Step 4: Adjust the fixture to the desired position.
- Step 5: Once focus is set, press [] to turn off the LED array and then [] to return to home screen.

ETC Source Four LED Quick Guide

Soft Focus Diffuser

Soft Focus Diffuser

- Step 1: Install the diffuser into an A-Sized Pattern holder.
- Step 2: Install a pattern in front of the diffuser, if needed.
- Step 3: Insert the pattern holder with diffuser into the Pattern holder slot, making sure the writing on the diffuser faces the front of the fixture.

Address

- Step 1: From the home screen, press [**Enter**] to open the **Main Menu**.
 - Step 2: In the **Main Menu**, scroll to **DMX Start Address**, press [**Enter**].
 - Step 3: Use [**▲▲**] or [**▼▼**] to scroll to the desired fixture address.
 - Step 4: Press [**Enter**] to select the address number.
 - Step 5: Press [**<<**] to return to the home screen.
- * DMX address is not needed if using standalone or master/slave control.

Features

Quick Color (Lustr+, Series 2 Lustr, and Studio HD only)

Quick Color allows you to easily select a color and its intensity from a predefined menu. This feature overrides any presets or sequences previously selected and is only available when there is no external DMX signal to the fixture.

Note:

Exiting the Quick Color menu will return the fixture to the state it was in prior to entering the menu.

To select a Quick Color:

- Step 1: Within the **Presets and Sequences** screen, scroll to **Quick Color** and press [**Enter**].
- Step 2: Scroll to **Color** and press [**Enter**].
- Step 3: Scroll to the desired color and press [**Enter**].
- Step 4: Scroll to **Intensity** and press [**Enter**].
- Step 5: Scroll to adjust the fixture's intensity and press [**Enter**] to commit the selection.
- Step 6: To exit the Quick Color menu, press [**<<**].

ETC Source Four LED Quick Guide

Features

Quick Setup

- Step 1: On the **Main Menu**, scroll to **Quick Setups** and press [**Enter**].
- Step 2: Scroll to the desired setup and then press [**Enter**].
An asterisk (*) indicates which setup is active.
- Step 3: Press [**<<**] to return to the home screen.
The top line of the home screen displays the name of the active setup.

Individual features and settings are adjustable under the Advanced menu. Consult the User Manual for more information on advanced features of Source Four LED fixtures.

Lustr+, Series 2 Lustr, and Studio HD

Quick Setup	Features	Recommended For:
General	Smooth dimming, good consistency, direct color control, simple operation.	General lighting, rentals.
Stage	Tungsten-like dimming, HSI color control with Plus-7 fine tuning, fast color mixing and consistency, console output snapshot to record stand alone presets.	Theatrical lighting.
XT Arch	Maximum consistency in extreme applications, reduced brightness.	High-temperature environments, installations with limited access.
High Impact	Maximum brightness, quick response, RGB color control, reduced consistency.	Video-based control, effects lighting, concerts.
Studio	Three-point control—White Point (CCT), Intensity and Tint, DMX, or standalone operation.	Video and film lighting, white light-only applications.
